DISCUSSION

On June 20, 2023, the City Council approved the City of Moreno Valley's Public Art Policy which includes guidelines regarding submittal process, selection criteria, installation, deinstallation, and agreements as it relates to the Public Art Program. It further considers the role of the Arts Commission and calls for City Council to make the final decision on all public art on City of Moreno Valley property.

Per the approved Public Art Policy, "Public Art" is defined as artistic works created by artists as unique and original works located in a public space or facility and accessible to the public. Public Art includes works of a permanent or temporary nature. "Public Art" can be in the form of exhibit, performance, installation, integration of art and architecture, and a unique physical environment or feature that integrates art in the city. Eligible mediums include but are not limited to painting, mural, drawing, sculpture, photography, landscaping, water feature, components of a building, works of sound and/or light, and spoken word. Mass produced or standardized art, mechanical reproductions, or directional signage are not eligible mediums.

During a meeting held on October 22, 2025, the Arts Commission approved the subject application to be forwarded to the City Council for review and final funding consideration.
