

Andrew Lyko

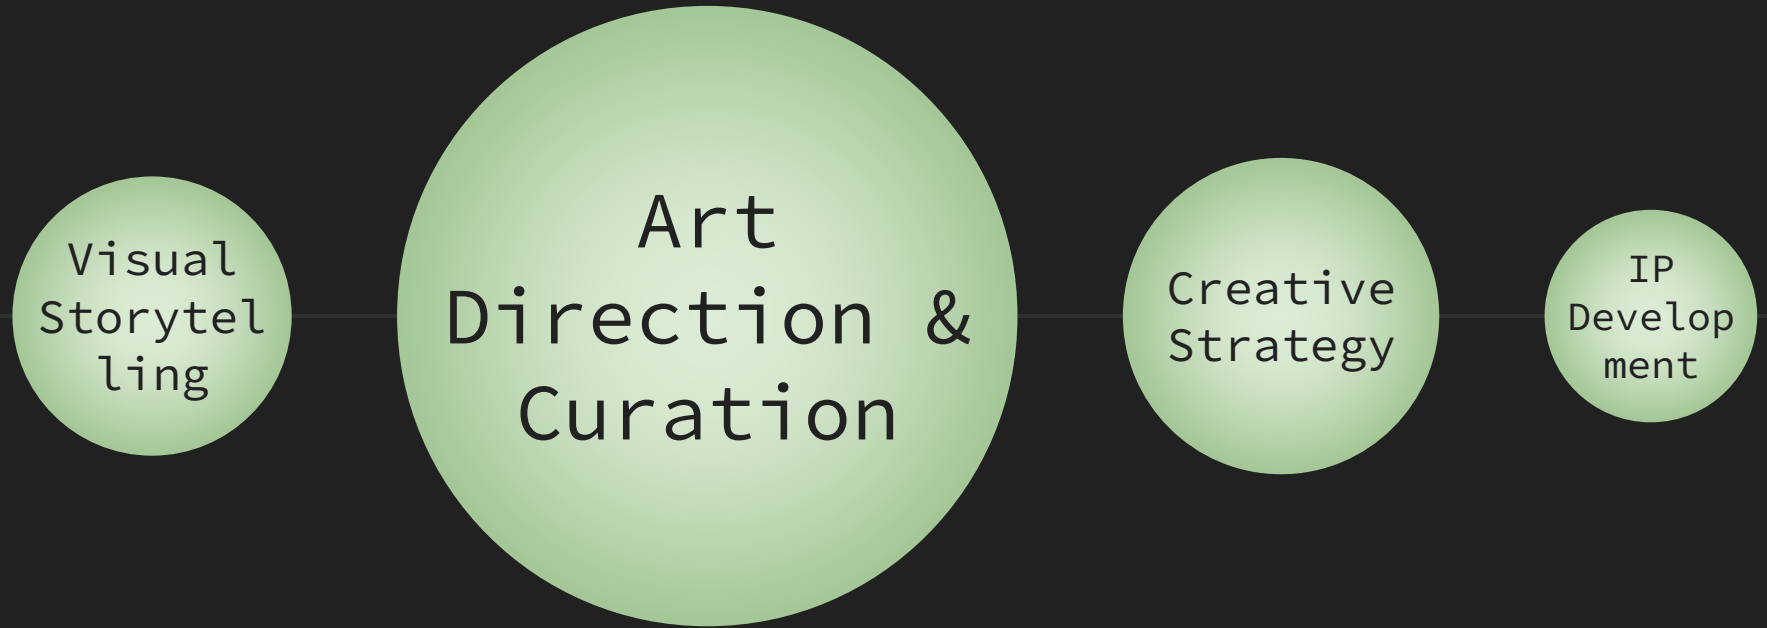

Visual Fine Artist

# About me

I create ART that lives between shadow and light, stories that breathe emotion into silence. With over a decade of blending fine art, rebellion, and design, I build worlds that linger long after you've left them.

Born in Southern California and shaped by graffiti and chaos, I now move through the world as a phantom of creation—turning darkness into beauty, and vision into legacy.

# Lyko Utility Box

A glimpse into the Shadow Realm — where imagination meets the everyday. This piece transforms an ordinary utility box into a portal of light, wonder, and curiosity, reminding viewers that magic still exists in the mundane.
