**Project description:**

My design is an intricate abstract pattern that shows the life and vibrancy of all around it. I specifically thought it would be suitable next to Lake Perris because of the frequent festivals that occur there. It represents the color and life that Lake Perris hosts. I placed an M in the center on both sides for civic pride and on the front and back I put an intricate assortment of shapes that evolve at every level, starting from a triangle and adding a side each time it grows. Signifying growth and expansion.
