

PARKS, COMMUNITY SERVICES, AND TRAILS COMMISSION

COMMISSION ANNUAL REPORT 25-26

INTRODUCTION

The Parks, Community Services, and Trails Commission encourages public involvement in decision-making, executes administrative tasks when directed, and offers policy recommendations to the city council. The Commission aids the City in maintaining over 540 acres of park and trails and hosts many programs for youth, adults, and our senior community.

THANK YOU

The Parks, Community Services, & Trails Commission was created by the City Council to: (1) provide a forum and opportunity for community participation in the public decision-making process; (2) perform specific administrative acts on behalf of the City; and (3) recommend to City Council specific policy-related issues for possible City Council study and action.
