

Andrew Lyko

Visual Fine Artist

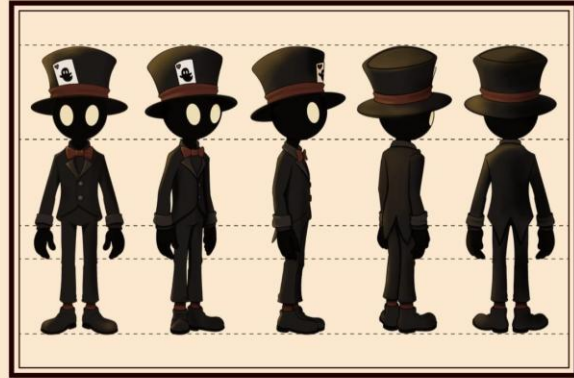

About me

I am a multidisciplinary visual artist whose work explores the tension between innocence and decay, light and obscurity. Drawing from street culture, neo-expressionism, and cinematic romanticism, my practice transforms personal mythology into universal emotion.

I build worlds that exist between fantasy and form, translating emotion into environments and characters that feel alive. Through Lyko Studios, my work expands beyond painting into storytelling, design, and immersive experiences.

LYKO STUDIOS

Name:
Lucien Quill

His true name, the poetic identity (Gallery plaques, lore, collector notes)

Title:
Archivist of the Eternal Library

The grand mythic designation (for story, exhibition, or when spoken about as legend).

Archetype:
The Magician-Writer

The role he embodies in the Shadow Realm.
